# sorrymate.com

Oliver's Mount Race Circuit are very proud to announce that they have agreed terms that will see SorryMate.com become a circuit Partner at Oliver's Mount for the 2015 race season.

Oliver's Mount road race circuit is England's only natural 'road' race track. Situated just five minutes from Scarborough's town centre, the races have been likened to a 'miniature TT by the seaside'. Edge of your seat racing, the closest action seen at any race venue, friendly locals and a stunning setting are all key features of a race weekend at Oliver's Mount.

Importantly, for the racers, the 2.43 mile track has always been regarded as a challenging, tight and twisty circuit, which tests their skills to the maximum. With a racing heritage that dates back to 1946, Oliver's Mount Race Circuit has a rich history of motor racing and has seen many of the great riders race at 'The Mount' over the years.

Sorrymate.com specialise in 2 wheel accident claims.

**"Sorry, mate I didn't see you!"** - You've either heard this statement from somewhere before, or you know someone who has.

Unfortunately we can't stop bike accidents happening, we wish we could, but after they have happened we can make sure we get you back on your feet and back on the road, where you belong.

**Sorrymate.com** will make sure you are dealt with compassionately and by professional people who know what being a biker is all about.

Peter Hillaby, Circuit Director at Oliver's Mount said:

SorryMate are a great company that are out there representing the interests of Motorcyclists in the UK. For us, the motorcycle enthusiast fans at Oliver's Mount are loyal to the venue and whilst we hope none of them ever have an accident, it's great to know SorryMate will be there for them if they ever do.'*
